Assignment I204b Feedback

This feedback is effectively a code review; to keep it concise, notes are provided as a numbered list. Inline comments in your code illustrate an example of the numbered item (there may be more). Asterisks (*) denote high-priority issues. If any code review item is unclear or if the resulting proficiencies are not self-explanatory, please ask me.

Matthew Flickner

mmflickner / mmflickner@gmail.com

1. Solid keyboard action, but absence of mouse handling detracts from the “direct manipulation” style somewhat (*2b, 3b, 4a*)
2. Single d-pad navigates both tables in the RPG page—probably not intentional (*3a, 4a*)
3. Dependence on ids prevents multiple d-pad use on multiple tables (*4b*)
4. Spacing, looong lines (*4c*)
5. Unnecessary comments (*4c, 4e*)
6. Can use map instead of switch (*4b*)
